A journey through electronic soundscapes

Dive into the fascinating world of electronic music and melodic soundscapes. Adrian Rickli, better known as Rick Lee, is a DJ from Switzerland who has for many years stood for a musical journey that brings together atmosphere, emotion and driving beats. His passion for music began at a young age and over the years grew into a lasting bond with the electronic music scene.

Adrian discovered his love of melody and sound early on. He gained his first musical experience on various wind instruments before electronic music, and above all spinning records, captivated him in the late 90s. From this early passion grew his personal style as a DJ, shaped to this day by his love of music and the joy of sharing the moment with others.

Melodic sounds, Organic House, Deep House and Tech House

Rick Lee's sets are a musical journey that keeps evolving. From melodic, atmospheric sounds in Organic House, his music moves through Deep House and House to driving Tech House. For Adrian, the focus is not just on the individual track but above all on the interplay between music, room and audience.

With his feel for the right mood, Rick Lee has been winning over audiences for years in clubs across Switzerland – in cities such as Bern, Olten, Zurich, St. Gallen, Geneva and Zermatt – as well as at festivals such as Open Air St. Gallen, Zürich Openair and Magic Mountain Zermatt. Whether an intimate club night, an open-air event or a big festival, his sets combine electronic sounds with an atmosphere that brings people together on the dance floor.

Inspiration from Europe's clubs and gigs on Ibiza

The clubs and the electronic music scene of Europe are an important source of his inspiration, and Ibiza holds a special place among them. The island's unique atmosphere, its legendary clubs and its blend of music, freedom and way of life give Adrian fresh inspiration time and again.

For him, Ibiza is not just a place to party but also a chance to step away from everyday life, recharge and gather musical impressions. These experiences flow into his sets and shape the way Rick Lee interprets electronic music.

Rick Lee has also played several times on his favourite island himself, including at the legendary BOHO Experience at Beach House Ibiza.

> Rick Lee stands for electronic music with character, from melodic Organic House through Deep House and House to driving Tech House. His sets thrive on the connection between music, atmosphere and audience.

TagesMusik – music, people and special places

Adrian's passion for electronic music goes beyond the turntables. Together with his childhood friend, the founder of Magic Mountain Zermatt, he launched the party label TagesMusik in 2023.

With TagesMusik, the two share the idea of bringing electronic music to special and unusual places during the day. The result is a wide range of day events centred on music, people and extraordinary locations. TagesMusik combines a shared passion for electronic music with the wish to create special moments and unforgettable experiences.

SOUND	CLUBS	FESTIVALS	IBIZA · LABEL
Organic House, Deep House, House, Tech House	Bern, Olten, Zurich, St. Gallen, Geneva, Zermatt	Open Air St. Gallen, Zürich Openair, Magic Mountain Zermatt	BOHO Experience, Beach House · TagesMusik since 2023
